Peruvanam International Village Festival

SYNERGY OF LITERATURE, ART & CULTURE

Kerala's culture is renowned for its rich diversity, encompassing literature, art, and vibrant celebrations that nurture the region's heritage. Thrissur, the cultural capital of Kerala, has been home to the Peruvanam International Village Festival since 2022. Organized under the auspices of the Sarvamangala Trust, this festival is a confluence of art, literature, and culture, held in the Peruvanam village. The third edition of the festival is scheduled to take place on January 3, 4, and 5, 2025, at the Sreelakam Lifelong Learning Institute.

Over the last two years, the Peruvanam International Village Festival has been graced by prominent writers, filmmakers, critics, activists, historians, social observers, and visual artists from across the globe. It has evolved into a rare platform for meaningful discussions and the sharing of artistic and cultural experiences. The festival highlights the migration of languages, culture, and art, fostering connections that transcend borders.

The central theme of this year's festival is "Creolization" (Kalarppukal), which serves as a foundation for pluralism and democracy. The 2025 Peruvanam International Village Festival will explore how society has embraced diversity and warmth in various domains of art, literature, and culture. Featuring participation from eminent and renowned personalities, this year's festival promises to be a vibrant celebration of pluralism, expressed through today's words, colors, and sounds.

A warm welcome to everyone to the Peruvanam International Village Festival, where the spirit of inclusivity and cultural confluence comes alive.
